Pull up a foot locker and tell us about your days in the military for this section, which appears in every issue of *Veterans Magazine*. We're interested in short memories or longer ones from your military past.

We're looking for those fond and funny memories veterans seem to talk about whenever they get together. Send your stories (with photos, if possible) to:

Dear Veterans Magazine,

The Veteran's Magazine, summer issue is superb! Each issue is a gem to those of us whose life experience included time for our country. Personally you did a super layout for my "A Wave Airborne"...Thanks! Thank you also for what you are doing for all veterans.

Warm Regards, Ery Lein

Dear Veterans Magazine,

I am 86 years old----I can remember grandmother's old, big, black pot under the China Berry Tree and I can still smell the sharp (brown) lye soap, that was a good smell she made it from lye and hog fat---and of course the wash board she rubbed clothes on.

Thanks for the memories

I'm a veteran stationed here in Camp Arifjan, Kuwait, and I just want to thank you for publishing our story in your magazine (Summer of 2005). You've made me and my family very proud and I salute you and your staff for the honor you have given us. I would like to see if you still have any extra copies of that issue for my family in TX. and CO. If you're able to help me, please let me know and I can have someone pick them up or you can send them to my home and we'll pick up the postage. Vietnam Vet
